

263 Acres of Land For Sale.

I have 263 acres of good Sumner County land for sale. I am rural mail carrier from Lafayette, Tenn. When I bought this farm I thought I would quit my route and move to it, but I have decided that I am not physically able and have not sufficient help to handle the farm as it should be, hence I offer it for sale.

The farm is situated about eight and a half miles West of Gallatin, near the Red River Pike, on Station Camp Creek. About one hundred acres of the farm is in and ready for cultivation, all fine land. Thirty acres in fine blue grass. Nice lot of timber, with plenty for building and repair work and fire-wood to last a life time, if left and not cleared away. Two dwellings, 3 barns, fine spring near the dwelling, good the year round, with other running water on the place for stock. This is a good farm for grain and stock raising, and grows fine burley tobacco.

Go look at this farm and let your eyes be the judge. This farm can be bought for \$60 per acre. If this strikes you ge busy. Correspond with

Lafayette, Tenn.

Ford
THE UNIVERSAL CAR

Ford cars have become such a world utility that it would almost seem as if every family ought to have its Ford car. Runabouts, Touring Car, Coupe, Sedan, (the two latter have enclosed bodies), and the Truck Chasses, have really become a part and parcel of human life. You want one because its service will be profitable for you. We solicit your order at once because, while production is limited, it will be first come, first supplied.

DRAPER & McCAWLEY, Agents
Gainesboro, Tenn.

INSOLVENT NOTICE.

To all persons having claims against the estate of B. D. Ramsey, deceased, to appear and file the same duly authenticated, in the manner prescribed by law, with me before the 2nd day of December, 1919. And any and all claims not filed, before an appropriation of the funds is made, shall be barred, both in law and equity.

Given under my hands on this the 2nd day of June 1919.

G. Lee McGlasson, Clerk
County Court, Jackson County, Tenn.
6-26.

a mule threw him.

Eugene Johnson, of Cookeville, visited his sister, Mrs. George Whitaker.

A Boy Can Run a John Deere Dain Mower

While you are getting things in shape for making hay, put your boy on the John Deere Mower and let him do the cutting—he will do it just as well and just as easily as you can do it.

Because of the powerful lift, he can easily raise the cutter bar to pass over any field obstruction or to extreme height, when necessary. A foot lever, working in conjunction with the hand lever, makes the lift simple and easy.

He will never have to back up to get a start, even in the heaviest hay. The knife starts cutting the instant the mower is thrown in gear—no lost motion.

You will see big advantages in the drive on this machine—it's extremely simple—the gears are so placed that one set holds the other set in mesh constantly. The John Deere will cut all of the grass for years to come—a simple adjustment takes up all lag in the cutter bar, without affecting the centering of the knife. If the knife ever needs re-centering, a special adjustment is provided.

The John Deere is the simplest, most powerful and best-built mower we have ever seen. We know it will appeal to you.

Come in—it's to your advantage, to know all about this mower before you buy. While at our store, we want you to see the rest of our line of haying and harvesting machinery. We have a line of machines you can use with satisfaction and profit.
